1 Introduction

This Schedule 6 ('Tariffs') forms part of the Reference Interconnect Agreement and is legally binding on both Parties. It shall be updated and valid as per the version available online at (<http://www.bh.zain.com/en/zainbahrain/rio>).

A reference to a Clause or Appendix, unless stated otherwise, is a reference to a Clause or Appendix of this Schedule. Words and expressions shall have the meaning given in Schedule 1 (Definitions) of this RIO.

The Charges are exclusive of any applicable VAT and the Billed Party will pay such VAT in addition to the Charges.

2 Tariffs

2.1 Interconnection Link Services

item	Service Description	Price	Charging Unit	Comments
2.1-a	CSI Link Rent (1-14 links)	BHD 169.039	per E1 link	Maximum MRC ¹
2.1-b	CSI Link Rent (15-28 links)	BHD 73.195	per E1 link	Maximum MRC ¹
2.1-c	CSI Link Rent (above 29 links)	BHD 51.447	per E1 link	Maximum MRC ¹
2.1-d	Setup, installation and configuration	TBD ²	Once-off ³	hardware cost, spares, services, delivery and annual support charges

2.2 Mobile Termination Services

item	Service Description	Tariff	Charging Unit
2.2-a	Local Call Termination Service ⁴		per minute, calculated per second
	<i>From 1 October 2015 To 30 September 2016</i>	BHD 0.004500	
	<i>From 1 October 2016 To 30 September 2017</i>	BHD 0.003300	
	<i>From 1 October 2017 onwards</i>	BHD 0.002400	

¹ This is price ceiling figure, assuming that last resort is to use Batelco's RO service. Monthly recurring cost can get lower if other interconnection solution was pursued whenever feasible (e.g. microwave p-p connection).

² Charges are calculated based on the actual installation cost of material and labor plus cost of capital; as per the complexity and parameters involved in the setup.

³ Once-off charges are applicable per initial capacity installation and also per any further upgrade/downgrade/reallocation capacity installation.

⁴ Mobile termination rate for domestically originated calls i.e. with Bahrain CLI
